

The Politically Incorrect Guide™ to  
**THE FOUNDING FATHERS**

Brion McClanahan, Ph.D.

Here to rescue the reputations of our Founding Fathers from the plague of modern political correctness is *The Politically Incorrect Guide to the Founding Fathers*. The Founding Fathers are the most important men in American history. But leftist textbooks and historians would have you believe that Washington, Adams, and Jefferson have nothing to offer modern society. This book sets the record straight.

Author and professor Brion McClanahan shows how patriots like Franklin, Madison, and Hamilton laid the foundations of American civil liberty and had a better understanding of the problems facing us today than does our current Congress.

**“Brion McClanahan’s bang-up new book gives us the Founding Fathers as they really were, providing what intelligent readers of history want: the plain truth.” —Dr. Kevin Gutzman, author of *The Politically Incorrect Guide to the Constitution***

DR. BRION McCLANAHAN teaches history at the college level and earned his M.A. in history and his Ph.D. in American history from the University of South Carolina. His media experience includes local radio and television interviews as well as an interview in *GQ* magazine. He lives with his wife and their two children in Phenix City, Alabama.

TOM WEINER, a dialogue director and voice artist best known for his voice roles in CD-ROM games and television shows such as *Buffy the Vampire Slayer* and *Transformers*, is a former member of the Oregon Shakespeare Festival. An Earphones Award winner and Audie® Award nominee, he has narrated more than one hundred books for Blackstone.
