

SUPERMAN™ ON RADIO

In the winter of 1940, the world heard the voice of Superman for the very first time. Radio Spirits takes you back to those evenings when "The Baby From Krypton" landed on planet earth and went on to assume the identity of Clark Kent a "mild-mannered reporter for a great metropolitan newspaper."

This classic collection features the first 27 radio broadcasts of *The Adventures of Superman*. Clayton "Bud" Collyer stars as the "Man of Steel" as the hero makes his first rescue, lands a job at the *Daily Planet*, and begins his "never-ending battle for truth, justice, and the American way." These original recordings have been digitally restored and remastered for superb sound quality.

"Look! Up in the sky! It's a bird! It's a plane! It's Superman!"
