

# AYN RAND THREE PLAYS

READ BY ROBIN FIELD

Published together for the first time are three of Ayn Rand's compelling stage plays. The courtroom drama *Night of January 16th*, a 1935 Broadway success famous for leaving the verdict to the audience, is presented here in its definitive, final revised text—a superb dramatization of Rand's vision of human strengths and weaknesses. Also included are two of Rand's unproduced plays: *Think Twice*, a clever philosophical murder mystery, and *Ideal*, a bitter indictment of people's willingness to betray their highest values, as symbolized by a Hollywood goddess suspected of a crime and fleeing the authorities.

**Ayn Rand** (1905–1982) was born in Russia, graduated from the University of Leningrad, and came to the United States in 1926. She published her first novel in 1936. With the publication of *The Fountainhead* in 1943, she achieved a spectacular and enduring success and her unique philosophy, objectivism, gained a worldwide following.

**Robin Field** is an award-winning actor, singer, writer, and lyricist whose career has spanned six decades. He has starred on and off Broadway, headlined at Carnegie Hall, authored numerous musical reviews, and hosted or performed on a number of television and radio programs over the years.
