

AMERICAN CONSPIRACIES

JESSE VENTURA WITH DICK RUSSELL

READ BY GEORGE K. WILSON

"If you're talking outspoken, unconventional, and no-holds-barred, you're talking Jesse Ventura." —LARRY KING

In this explosive account of wrongful acts and ensuing cover-ups, Jesse Ventura offers a different side to the stories we've all heard and read about in the history books. He takes a look at the wide gap between what the government knows and what is revealed to the American people. He looks closely at the theories that have been presented over the years and examines the truth as well as the lies. Ventura does not shy away from the tough questions. In *American Conspiracies* he examines:

- Why JFK was said to have been shot from behind, when it's clear his head was thrust violently backward by the bullet
- How the use of electronic voting machines helped the Republican party steal two—and nearly three—elections
- The government's 2008 claim that huge corporations are "too big to fail" and therefore must be bailed out to prevent economic collapse

You may not believe everything in *American Conspiracies*, but it is guaranteed to make you think harder about everything you do believe.

Jesse Ventura, the former governor of Minnesota and author of several bestselling books, is the host of the TruTV reality show *Conspiracy Theory*. He lives in Minnesota and Mexico. **Dick Russell** is the award-winning author of six previous books, including *Don't Start the Revolution Without Me!* with Ventura.

George K. Wilson has narrated over one hundred fiction and nonfiction titles and has won several *AudioFile* Earphones Awards. His audiobooks include the *New York Times* bestseller *We Who Are Alive and Remain* by Marcus Brotherton and *The Fatal Strain* by Alan Sipress.
