**INSURGENTS PATRIOTS**  
**T. H. BREEN**

READ BY JOHN PRUDEN

"T. H. Breen's *American Insurgents, American Patriots* is a pioneering and riveting new analysis of how America was born."

—DOUGLAS BRINKLEY, author of the *New York Times* bestseller *The Wilderness Warrior*

Before there could be a revolution, there was a rebellion; before patriots, there were insurgents. Challenging and displacing decades of received wisdom, T. H. Breen's strikingly original book explains how ordinary Americans—most of them members of farm families living in small communities—were drawn into a successful insurgency against imperial authority. This is the compelling story of our national political origins that most Americans do not know.

A few celebrated figures in the Continental Congress do not make for a revolution. It requires tens of thousands of ordinary men and women willing to sacrifice, kill, and be killed. Breen not only gives the history of these ordinary Americans but, drawing upon a wealth of rarely seen documents, restores their primacy to American independence. Mobilizing two years before the Declaration of Independence, American insurgents in all thirteen colonies concluded that resistance to British oppression required organized violence against the state. They channeled popular rage through elected committees of safety and observation, which before 1776 were the heart of American resistance. *American Insurgents, American Patriots* is the stunning account of their insurgency, without which there would have been no independent republic as we know it.

**T. H. Breen** is the William Smith Mason Professor of American History at Northwestern University. The author of several works of history, including *The Marketplace of Revolution*, Breen has also written for the *New York Times Magazine*, the *London Review of Books*, and the *New York Times Book Review*. He lives in Evanston, Illinois.

**John Pruden** is a professional voice actor who, in addition to his audiobooks, records corporate and online training narrations, animation and video game characters, and radio and TV commercials. His audiobooks include *Race for the Dying* by Steven Havill and *An Eagle Named Freedom* by Jeff Guidry.
