

SOLDIERS WITHOUT BORDERS

IAN MCPHEDRAN

'Jones knew the score with "deniable" operations that were sanctioned secretly at the highest levels. If they turned to custard and the cover was blown, the powers-that-be would simply deny everything and disown all involved, from the military down to the spooks and, at the bottom of the food chain, hired guns like him.'

What happens to the elite, close-knit soldiers of Australia's Special Air Service (SAS) Regiment after they leave the special forces? For some, there are highly paid jobs in the world's war zones and trouble spots protecting global corporations from terrorism, sabotage and violence. Others become powerful government advisers, many join foreign armies to train their special forces and expand the global brotherhood. Most risky of all, is the shadowy world of deniable 'black ops'.

From Iraq and Afghanistan to Africa and Asia, award-winning defence writer Ian McPhedran uncovers a virtually unknown network and tells how Australia's top soldiers are forever linked in a seemingly borderless world.
