

THE MEN WHO STARE AT GOATS **JON RONSON**

Now a feature film.

In 1979 a secret unit was established by the most gifted minds within the US army. Defying all known accepted military practice – and, indeed, the laws of physics – they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls and, perhaps most chillingly, kill goats just by staring at them. Entrusted with defending America from all known adversaries, they were the First Earth Battalion. And they really weren't joking. What's more, they're back and fighting the War on Terror.

'Simultaneously frightening and hilarious.' – The Times

'A jaw-dropper of a non-fiction story ... It moves with wry, precise agility.'
– The New York Times

'Few more earnest investigative journalists would have had the brilliant bloodmindedness to get what he has got and hardly any would have the wit to present it with as much clarity.' – The Observer

'A hilarious and unsettling book.' – Boston Globe
