

GANGSTER GOVERNMENT

BARACK OBAMA AND THE NEW WASHINGTON THUGOCRACY

DAVID
FREDDOSO

READ BY MIKE CHAMBERLAIN

Bribery ... coercion ... intimidation. Sounds like a movie review of *The Godfather*, but sadly we're talking about your federal government. So says bestselling author David Freddoso. In *Gangster Government*, Freddoso exposes how the Obama administration bears a closer resemblance to the mob than to a government of the people, by the people, and for the people. Laying bare the backdoor deals, threats, and pay-to-play schemes Obama uses to push his policies on unsuspecting voters, this book proves Obama is more concerned with protecting his friends and punishing his enemies than doing right by the American public. Freddoso reveals who really benefited from the auto industry bailout and the stimulus package, how Obama and his EPA cronies are setting up a protection racket to control fossil fuels, why trial lawyers will benefit from Obamacare most of all, and more.

"The Nobel Committee should read *Gangster Government* before it gives our president another peace prize."

—Ann Coulter, bestselling author

"David Freddoso, one of America's finest reporters, has written a masterpiece exposé on Barack Obama's first two years in the Oval Office."

—Terence P. Jeffrey, author of *Control Freaks*
