

SARAH PALIN

*Good Tidings  
+  
and Great Joy*

*Protecting  
the Heart of  
Christmas*

*Wish me a Merry Christmas.*

At a time when Christian values are challenged—when the greeting “Merry Christmas” has been replaced by the supposedly less offensive “Happy Holidays”—Governor Sarah Palin makes the case for bringing back the freedom to express the religious spirit of the season.

In her bestselling books, *Going Rogue* and *America by Heart*, Palin has revealed how her strong Christian faith has guided her life and family. Now, in *Good Tidings and Great Joy*, she discusses one of Christianity’s most sacred celebrations, and how the holiday has been robbed of its meaning and true tradition by the pressures of political correctness.

Palin defends the importance of preserving Jesus Christ in Christmas—whether in public displays, school concerts, and pageants, or in our hearts—and delivers a sharp rebuke to today’s society for the homogenization of the holiday season. Sharing personal memories from Palin Christmases past, she illustrates why she holds the celebration of Jesus Christ’s Nativity so dear.

*Good Tidings and Great Joy* revisits our traditional roots and the true meaning of Christmas. It is a call to action to readers to defend and openly celebrate the joys of their Christianity, and to say to one another, “Merry Christmas!”

*If I’m for Christmas, it’s only because I’m for Christ. . . .*

This book is not about isolated trivialities. It’s not really about gingerbread cookies, or stockings hung by the chimney with care, or the big fat man with the long white beard. It’s not about a holiday at all. It’s about that little baby wrapped in swaddling clothes, who arrived long before hope and change became political manipulations. It’s about Christ and our ability to worship Him freely. It’s about America, and what liberty truly means in our day-to-day lives. . . .

The “war on Christmas” is the tip of the spear in a larger battle to secularize our culture and make true religious freedom a thing of America’s past. Far from a hand-wringing tale of woe, however, this book is a story of hope and a plan to protect our holiday heritage.

*It may just change your life.*

**SARAH PALIN** is the former governor of Alaska, the youngest and first woman elected to the office; the first woman Republican vice-presidential candidate in American history; and the author of the number one *New York Times* bestsellers *Going Rogue* and *America by Heart*. She was named one of *Time* magazine’s “100 Most Influential People” in 2010, hosted TLC’s *Sarah Palin’s Alaska*, and is a Fox News contributor. The mother of five children and grandmother of two, she lives with her husband, Todd, in Wasilla, Alaska.
