

In the fourth book of this irresistibly charming series, Tola finds creative solutions to her neighbors' difficulties—but can Tola solve her own problem when her friends call her a liar?

Lockdown is over and Too Small Tola is happy to be home with her family again in their apartment in Lagos, Nigeria. Tola loves solving problems, in both math and real life, and there are plenty of problems for her to tackle in their crowded building: Mrs. Shaky-Shaky is having trouble climbing the stairs to her apartment, Mr. and Mrs. Abdul need someone to watch sweet Baby Jide, and Grandmommy needs help deciding what to do on a day out with Tola. Luckily, Tola has ideas to help everyone! But how will Tola solve her own problem—the fact that her classmates don't believe she worked for Mr. Diamond, the famous music star? One of the Odidi boys even calls her a liar! With support from her family, friends, and neighbors, Tola learns about true friendship and the power of self-belief. There's no problem too big for Too Small Tola!

Community, wit, and love abound in this latest story from award-winning author Atinuke, with whimsical illustrations by Onyinye Iwu.
