

The podcast Aaron Mahnke's Cabinet of Curiosities has captivated millions of listeners for years with tales of the wonderful, astounding, and downright bizarre people, places, and things throughout history. Now, in the book, learn the fascinating story of where the invention of the croissant actually happened, and relive the adventures of a dog that stowed away and went to war. Along the way, readers will pass through an unfamiliar American state, watch Abraham Lincoln's son be rescued by someone surprising, and learn how too many crash landings inspired one pilot to leave the airline industry and shift his thirst for flight to new heights.

For the first time ever, Aaron has gathered scores of his favorites into print, and curated them—along with some fresh oddities—into a beautiful, topical collection for devoted followers and new fans alike.

One of the most successful podcast producers in the world, AARON MAHNKE began his career in 2015 with the launch of *Lore*, which has racked up nearly half a billion downloads, been adapted for two seasons of television on Amazon Prime, and published as a three-book set by Penguin Random House. Beyond *Lore*, Aaron has produced a number of shows, including the chart-topping *Cabinet of Curiosities* and the 2021 award-winning *Bridgewater*. He lives in the North Shore area of Massachusetts with his family.
