

Ten years ago, aspiring singer-actress Scout Sage lost the only thing that mattered: her sister, Georgia. Ever since Georgia's mysterious death at a Hollywood party, Scout's done her best to honor her memory. In the process, she's clawed her way through the industry and collected a network of climbers: fellow hot girls in heels with cutthroat ambition, a new Hollywood order.

But when a slew of targeted murders make headlines across Los Angeles, all pointing to Scout as the killer, she turns overnight from a mid-tier pop star into the world's most famous (alleged) murderer. Now everything she's worked to build—including the justice she wants for Georgia—will fall apart unless Scout can prove she's not guilty.

Meanwhile, the young and unusual detective assigned to her case, herself no stranger to tragedy, begins to unearth secrets not even Scout knows, let alone her millions of new fans. Particularly about the connections between Georgia's death and an even older pattern of crimes long hushed up in Hollywood—a deeply hidden reign of terror that, if brought to light, could be the fuel that ignites a reckoning the world over.
