

After walking away from traditional journalism, Danny Boyd is recruited to The Open—a covert investigative unit hunting the world's darkest criminal networks. She proves herself quickly, until a mission against Kronos, a brutal trafficking syndicate, blows her cover. Ordered to stand down, Danny refuses. Children are still vanishing. Kronos is still out there.

Forced to moonlight as a PI, Danny takes a case a bit closer to home: a wealthy Ohio family unraveling after their patriarch, real estate developer Bob Wilson, is killed in a botched robbery. His will exposes shocking betrayals and a secret heir, so the Wilsons hire Danny to dig deeper. What begins as a privileged family succession dispute soon unearths deadly secrets, financial schemes, and a legacy of bitter revenge.

But someone is watching her. Is it Kronos? Or the Wilson family's enemies? With two ruthless forces closing in, Danny must expose the truth—this time with no backup and nowhere to hide—before she's silenced for good.
