

At the House of Night, Zoey Redbird has become great at losing.

In the span of a single week, she's gone from trusted leader to social exile. Her friends have turned their backs. Her allies are gone. The only ones left at her side are undead and unMarked.

As secrets surface and loyalties are tested, and Neferet declares war on humans, Zoey's life at the House of Night plunges into something darker and far more dangerous. An ancient evil is waking—and this time, survival may demand more than courage.

It may demand everything.
