The Murderbot Diaries • 8

Narrated by Kevin R. Free

A most-anticipated title from *USA Today*, *Goodreads*, *BookPage*, *BookRiot*, *Seattle Times*, and *The Nerd Daily!*

Everyone's favorite lethal SecUnit is back in the next installment of Martha Wells' bestselling and award-winning *Murderbot Diaries* series.

Having someone else support your bad decision feels kind of good.

After volunteering to run a rescue mission, Murderbot realizes that it will have to spend significant time with a bunch of humans it doesn't know.

Including human children. Ugh.

This may well call for ... eye contact!

(Emotion check: Oh, for f—)

"This spectacular journey, punctuated with satisfying combat scenes, takes on an epic flavor grounded by Murderbot's sardonic voice and Wells' exploration of mental health and physical well-being. Equal parts action packed, humorous, and heartfelt, this proves the series shows no signs of slowing down." —*Publishers Weekly*
