

Alexandra Ott THE WISH RING CIPHER

Codebreakers • 1

Narrated by Eevin Hartsough

A group of code-busting friends races to find a powerful ring before their rivals can use it for dark magic.

Emma Avery has always loved solving puzzles and codes, and now that she's processing a recent autism diagnosis and facing down seventh grade at a new school, they're even more important to her.

Then Emma meets Nate Lin. He's popular and funny and ... loves codes, too. He introduces Emma to the Codebreakers, a group of his friends dedicated to cracking codes that have been discovered in the ruins of a nearby ghost town, which are believed to lead to magical objects. But they're not the only ones on the hunt, and when their sinister rivals close in on an object that grants unlimited wishes, the Codebreakers must race to beat them to it before they use it for dark magic.

The Wish Ring Cipher is a fast-paced adventure brimming with magic and warmth that introduces a tenacious and endearing heroine on a quest to save the world—and to make some friends along the way.

"A sweet-natured, cryptology-loving middle schooler builds confidence solving magical puzzles and mysteries in this smart series launch from Ott (Legend of the Realm) ... Fans of interactive, puzzle-filled volumes will enjoy the ciphers and code symbols embedded throughout. Experience-informed prose [...] portrays Emma's neurodivergence with care and clarity, while suspenseful ambiance keeps the pages turning."—*Publishers Weekly*
