LEVELING UP

Gamers • 2

Narrated by Mark Turetsky

With nonstop in-game action, *LEVELING UP* captures all the adrenaline of gaming plus its fierce power to bring people together.

Bard is a great player, but he's painfully shy. So shy that it's taken him months to tell his teammates that he goes by his last name, not his first. He thought he'd finally found his people on this esports team! Now, though, the other founders are opening up the group to new competitors, and Bard's not sure he likes it.

He's about to return to gaming alone when an unexpected new friendship helps him adjust to his new teammates, manage a brewing problem at home, and bring his best for the team in its biggest competition yet.

Leveling Up features all-new games and an important subplot about mental health.
