The First Americans

Prehistory—1600

Thousands of years ago—way before Christopher Columbus set sail—wandering tribes of hunters made their way from Asia across the Bering land bridge to North America. They didn't know it, but they had discovered a New World. *The First Americans* is a fascinating re-creation of pre-Columbian Native American life, and it's an adventure of a lifetime! Hunt seals with the Inuit; harvest corn on a cliff-top mesa; hunt the mighty buffalo; and set sail with Leif Eriksson, Columbus, and all the early great explorers—Cabot, Balboa, Ponce de León, Cortés, Henry the Navigator, and others—in this captivating history of America before it was America.
