

Robert Dallek AN UNFINISHED LIFE

John F. Kennedy 1917–1963

Narrated by Ed Sala

“In this riveting tour de force ... Dallek delivers what will most assuredly become the benchmark JFK biography for this generation.”

—Publishers Weekly, starred review

Robert Dallek has taught at Columbia, UCLA, and Oxford and is currently a professor of history at Boston University. He has written several acclaimed biographies and histories, and has won many awards, including the Bancroft Prize. *An Unfinished Life* is hailed as the best and most definitive study of John F. Kennedy.

During the five years Dallek worked on this biography, he was often asked, “Why another Kennedy book?” His answer lies in the wealth of new documents available, including medical and military records, and the light they shed on older files. For example, for the first time the true severity of Kennedy’s physical debilities is revealed, including Addison’s Disease and crippling spine degeneration. Despite constant, chronic pain, Kennedy made sure his health wouldn’t jeopardize his political career.

Dallek has created a clear, unbiased picture of a man whose virtues and flaws made him an American icon and whose presidency had an indelible impact on world history. The careful balance between fact, analysis, and highly readable style makes *An Unfinished Life* a truly extraordinary work.
